

2023 IEEE INTERNATIONAL WORKSHOP ON
**Measurements and Applications
in Veterinary and Animal Sciences**

NAPLES, ITALY / 26-28 APRIL 2023

MeAVeAS 2023

The IEEE International Workshop on Measurements and Applications in Veterinary and Animal Sciences (IEEE MeAVeAS) aims to discuss with all the aspects of interactions among the worlds of the instrumentation and measurement, bio-engineering, material science, chemical and biological measurements, and the veterinary medicine field.

The Workshop enables researchers, veterinarians and technicians to exchange ideas and information, make connections and collaborations and update innovation on health care systems and diagnostics in veterinary medicine.

MeAVeAS aims to gather people who work in developing instrumentation and measurement methods for the veterinary medicine. Attention is paid, but not limited to, new technology for monitoring the health of animals, metrology-assisted production in food industry, sensors and associated signal conditioning for the veterinary medicine, and calibration methods for electronic test and measurement for veterinary medicine applications.

Accepted papers will be submitted for inclusion into *IEEE Xplore Digital Library*.

SPECIAL SESSIONS

IEEE MeAVeAS 2022 Technical Program Committee solicits proposals for special sessions within the technical scopes of the Workshop.

Special Sessions have the main aim of creating a mini-workshop on a specific topic, where researchers working on the same argument can make knowledge.

Special Sessions proposal can be submitted online

<https://meaveas.org/special-session-proposal>

PAPERS SUBMISSION

Paper submission will be handled electronically, through the submission page set up on the conference web page:

<https://www.meaveas.org>

Prospective authors must electronically submit an Extended Abstracts (from 3 to 4 pages). All papers will receive peer-review; authors will receive timely notification of paper acceptance. If accepted, final papers must be no more than 6 pages

IMPORTANT DATES

Special Session Proposal - November 30, 2022

Extended Abstract Submission - December 15, 2022

Acceptance Notification - February 15, 2023

Final Paper Submission - March 30, 2023
